Wednesday 10th December 2008

Dear Sally

Thank you for giving up your time on 18/11/08 to assist us with assessing your service. The Prevent Diabetes *Live Life Well* program is pleased to advise you that your service is consistent with the guidelines that the Prevent Diabetes program deems suitable to provide safe and effective physical activity/nutrition advice for people at high risk of developing diabetes. Your details will be added to the Prevent Diabetes *Live Life Well* program database which participants from the program will be able to use to locate local providers of their choice.

As discussed at the interview, the details that will be displayed on the database will be limited and clients will need to contact you to enquire further about your services. Each service will be re-assessed every twelve months.

Thank you again for your time, please let us know if your details change at any time so we can update them on the database.

If you wish to discuss anything about the Prevent Diabetes program please contact Brianna James on (02) 9828 5987.

Yours Sincerely,

Mandy Williams
Deputy Director, Health Promotion Service
